Every day comes with new victories - new adventures and new atmospheres. Surprise yourself everyday on one of our unforgettable Riding Iceland tours.

The Riding Iceland Experience

We come across many perfect riding tracks on our tours that allow you to enjoy your horse tölling at full speed – a cheering and overwhelming feeling. After a day of utter solitude in the wilderness and long hours in the saddle, we find our way to one of the remote mountain huts in the Icelandic highlands. Every one of these cottages has it’s own story, still being inhabited by some of the hidden people or some old hero’s ghost. Some have a natural hot water pool close-by, where we relax our stiff muscles while taking a well deserved bath. This is a wonderful place to tell and listen to the stories about the local ghosts and outlaws. On the dinner table, you will find fresh local food, prepared with a passion for natural ingredients and if we were lucky on the hunt for wild blueberries during the day, we might also prepare a delicious blueberry skyr cake for dessert.

A Riding Iceland tour is a spirit-cleaning experience, aiming to take you out of your daily routine and get you into intimate touch with nature. You will get the chance to leave the hamster wheel of civilization behind for a few days and bring home memories that will last a lifetime.

Your New Friends

It is almost impossible to participate in a Riding Iceland tour without knitting close and lasting friendships both with men and horses. Together you will face the different challenges of each new day and safely cross rocky lava fields, high mountain passes, conquer raging rivers and find our way through treacherous swamps. Let us invite you to become a part of the country and the culture and to experience the surprisingly powerful energy of trust, collaboration and mutual support among all fellow riders. Your new friends are waiting for you!

Our Commitment

All Riding Iceland tours are planned and guided by the tour operators themselves and their families, welcoming you to be part of the closely knit fellowship of horse friends in Iceland. They have made it their personal objective to invite you to follow the old Icelandic tradition of trail riding, thus preserving a long grown, important cultural heritage. All of our tour operators grew up with these ancient customs, the love for the Icelandic horse and the respect and adoration for the nature of their country. On a Riding Iceland tour, you will enjoy their know-how and they are committed to guarantee the highest quality of every detail in the trip you have chosen. The horses that will take part in this adventure have been carefully selected for their preferred gait – the Tölt – and specially trained for the purpose of a highland tour. They are in good spirit and have the necessary stamina to take you safely through the wilderness, and above all: they are always happy to make new friends.
